CAHERNANE
HOUSE HOTEL KILLARNEY

Business Retreats

Beautifully situated on a private estate on the edge of Killarney National Park, Cahernane House Hotel was constructed in 1877 and was formerly home to The Herbert Family. The entrance to the hotel is framed by a tunnel of greenery which unfurls to reveal the beauty of this imposing Manor House.

Following a €6 million renovation programme, the hotel is a hidden gem when it comes to both corporate away days and company retreats. Escape from the busy office environment and retreat to the intimate setting of Cahernane, where our professional team will ensure your event is a complete success.

I would love to welcome you for a show around of the property to showcase the extensive and flexible options available.
